Architectural salvage is all about saving and reusing unique bits and pieces of the past--whether from old buildings, businesses, or homes--and preserving them as beautiful reminders of the talent and artistry of yesteryear. *Extraordinary Interiors* shows how architectural elements and antiques--such as a 200-year-old solid-oak door, an Arts & Crafts fireplace mantel, a Victorian stained-glass window, or an Art Deco lamp--can impart character and heritage to any home, even if you never got around to buying that perfectly restored historic home of your dreams. See how vintage sinks, hardware, and lighting are perfectly blended into new environments, giving the items a new lease on life, and in the process, preserving them for future generations to enjoy.

From a Manhattan brownstone to a Marin county barn-turned-cottage, Coleman has documented an exquisite array of homes in locations across the country. See how a large Arts & Crafts apartment is restored to its original 1916 décor with salvage finds and a little sleight of hand, a San Francisco row house is reborn with glamorous salvage, and a tranquil, Vermont retreat is enlivened with salvaged, nineteenth-century architecture in this beautifully photographed new book.

Brian D. Coleman, M.D., is a practicing psychiatrist in Seattle, Washington, and the author of several books including *Scalamandre: Luxurious Home Interiors*, *Classic Cottages*, and *Vintage Victorian Textiles*. His articles on historic home design have been published in a variety of magazines such as, *Old House Journal* and *Period Living* (U.K.), and he is the West Coast editor for *Old House Interiors*. He divides his time between New York and Seattle. Dan Mayers is a New York-based photographer whose work appears regularly in *Country Decorating Magazine's Cottage Style*, *Country Collectibles*, *Country Victorian* and *Old House Interiors*. His work has been included in books such as *Scalamandre: Luxurious Home Interiors* and *The Ultimate Kitchen*.
