Sinderella (Adult Fairy Tales Book 1) Tara Brown, Sophie Starr

What girl doesn't love a fairytale?

What woman doesn't love an erotic tale based on her favourite fairytale?

Sophie Starr brings you Cinderella like you have never seen her, on her knees and begging for more. It's more like Sin-derella.

In the fairytale we all loved and cherished, Cinderella sang and danced and fell in love after only one kiss.

This isn't exactly her story . . .

This is the story of Ella.

There wasn't much to sing about in her life and she didn't have the energy to dance.

She was an orphan being sold into a marriage of convenience by her wicked stepmother.

But Ella was given a wish.

She used it to wish to be free to marry the man she loved.

Of course she loved the prince she met at the ball that she snuck into.

But like I said, this isn't exactly the story you remember.

This is a version of the story you will not have heard of before.

Sophie Starr is the naughty side no one likes to talk about but everyone likes to read.
