Book 1 –

Buckle up! Get ready to travel through time as you glimpse the history of mankind through angels' eyes.

You'll read about the world since mankind began, seeing it through past lives of many individuals. Let angels tell you this in their own words.

It is said, "If you know where you have been, you shall know where you are going." When a tree is bent by winds and storms, it seeks to return upright, toward the light and the Giver of life. So too do men and women.

This can be done in one lifetime, or it can be in many. No two souls are alike. Each has free will from our Father. The spiritual messengers of God seek to help heal the soul (or mind), and remind us what we always have known deep inside, our Creator.

The angels describe one or many lifetimes and bring to mind lessons an individual has yet to learn. In Book 1 (their 1970-1974 past-life readings) and Book 2 (their 1975-1989 ones), each reading shows the date it was told. This is accompanied by a beautiful illustration, which often verifies the angels' account.

The words are written down exactly as the angels spoke them.

Readers may glimpse, through angels' eyes, the true history of mankind.

The editor was excited to find photos and articles about times and places they describe. It was simply amazing to illustrate these two books. When the angels told of these past lives, the internet did not exist. But today, one can look back through time and actually see our history by researching what the angels tell.

Now there are photos, articles and paintings that verify the dates and places with astounding accuracy. And what cannot be is still found in religious philosophies, ancient buildings and remnants of civilizations, or archaeological digs. Some scientific controversies are solved. This history, seen through others pasts, goes all the way back to man's beginnings on Earth – and even before.

From eternity they see our needs. As they guide each precious soul, they say, "We are not great; only God is great. We are but His messengers, His servants." And they certainly do serve each person's needs, which you will read in their compassionate words that do not judge. They remind us that our Father is with us always, and we have always known Him.

If you know where you have been, you shall know where you are going.

What an exciting read, to see what angels see through all time.

So buckle up and enjoy this timeless view.
