The 'Damsel in Distress' is a classic theme in world literature, art, film and video games. She is usually a beautiful (and sometimes scantily clad) young woman placed in a dire predicament by a villain, beast or monster and who requires a (handsome, young and virile) hero to achieve her rescue. After rescuing her, the hero often obtains her hand in marriage. She has become a stock character in nearly every genre of fiction, particularly of melodrama. Though she is usually human, she can also be of any other species, including fictional, alien or folkloric species; and even divine figures such as an angel, spirit, or deity.
