Environmental Law (3rd Edition) Nancy Kubasek, Gary Silverman

Geared to undergraduate or graduate courses in Environmental Law. Also works well as a supplemental text in an Environmental Policy course. This fundamental introduction to environmental law explains the legal system and process in general, discusses specific environmental laws, and presents the scientific background necessary for understanding each law. The text is designed to introduce those without any legal or special scientific training to the system through which the nation attempts to preserve and protect the different aspects of our environment.
