#### **Michael Clements:**

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just very little students that has reading's heart or real their interest. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Science, Technology, and Innovation: Capacity Building for

Sustainable Growth (Directions in Development) can make you truly feel more interested to read.
