Above All: Mount Whitney and California's Highest Peaks

Above All: Mount Whitney and California's Highest Peaks

California's "Fourteeners"—Mount Whitney, Mount Shasta, and the loftiest peaks of the High Sierra—have long teased the imaginations and challenged the fortitude of mountaineers. Photographer and mountaineer David Stark Wilson captures the treacherous beauty of these summits and the surrounding panorama, evoking a broad range of emotion—from excitement and allure to a quieter sense of peace, respect, and awe. Steve Roper, a well-known climber and historian, provides accompanying text. Together Wilson and Roper weave an unforgettable tapestry of windswept splendor, historical data, personal anecdote, climbing mythology, and the natural history of California's highest peaks.

From reader reviews:

Doris Seavey:

What do you about book? It is not important to you? Or just adding material when you want something to explain what yours problem? How about your time? Or are you busy person? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Every individual has many questions above. They must answer that question because just their can do which. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on kindergarten until university need that Above All: Mount Whitney and California's Highest Peaks to read.

Fred Green:

Your reading 6th sense will not betray you, why because this Above All: Mount Whitney and California's Highest Peaks publication written by well-known writer we are excited for well how to make book which can be understand by anyone who else read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own hunger then you still question Above All: Mount Whitney and California's Highest Peaks as good book not simply by the cover but also through the content. This is one reserve that can break don't evaluate book by its deal with, so do you still needing another sixth sense to pick this specific!? Oh come on your reading through sixth sense already alerted you so why you have to listening to one more sixth sense.

Anne Hernandez:

Reading a book to get new life style in this year; every people loves to examine a book. When you learn a book you can get a lot of benefit. When you read publications, you can improve your knowledge, since book has a lot of information in it. The information that you will get depend on what types of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you are able to a fiction books, these kinds of us novel, comics, in addition to soon. The Above All: Mount Whitney and California's Highest Peaks provide you with a new experience in reading a book.

Sandra Black:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's spirit or real their passion. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Above All: Mount Whitney and California's Highest Peaks can make you sense more interested to read.
