**Al polo austral en velocípedo (Spanish Edition)** Emilio Salgari

Salgari desarrolla en este libro el tema polar con mano maestra. Nada falta en estas páginas: ni el rigor científico ni el amplio vuelo de la fantasía. Aun en los actuales días, en que los casquetes polares son sobrevolados con absoluta seguridad, el hombre sigue sometido a la sugestión que en él ejercen dichas regiones extremas del planeta, sobrecogedores escenarios de heroísmos y tragedias que están en la memoria de todos. Quedó ya atrás la época gloriosa de las esforzadas y románticas gestas de los exploradores de los polos terrestres. El misterio que los envolvía fue desvelado. Pero siempre se leerán con delectación los relatos verídicos o novelescos protagonizados por el Polo.
