This workbook is a companion to California Family Law Handbook for Paralegals. The workbook contains several after chapter questions for every chapter in the Handbook. These questions are designed to enhance the learning experiences provided by the handbook. Additionally, the workbook includes practical assignments that are tasks commonly performed by paralegals in family law firms. The completed practical assignments provide the paralegal with writing samples for job interviews that demonstrate the knowledge and ability to handle family law matters. The workbook provides sample forms (actual forms can be obtained online) that are used most frequently to prepare family law cases. Finally, this workbook contains class activities that help the paralegal retain the information presented in each chapter.
