Criticism is a very powerful tool that can be a great help or a completely devastating blow, depending on how it is used.

Sadly, not many people use it with the intention to help, but rather with the intention to cut others down.

If you find yourself repeatedly at the receiving end of such destructive acts, this book is for you.

Because you haven't deserved it.

And there is no reason in the world why you should put up with it.

In this book we look at what different types of criticism exist and examine their nature.

We look at what can be done about it, and how you can come out on the winning end, in spite of what anyone else may do to you.
