Light Is the New Black: A Guide to Answering Your Soul's Callings and Working Your Light Rebecca Campbell

Light is the New Black is a guidebook for a new breed of women who are here to be bright lights in the world.

Rebecca Campbell had her first awakening when she was a teenager, but without anyone to guide her, she ignored her soul's callings and dimmed her light in order to fit in. Then, just before her 30th birthday, the life she had so consciously created began to crumble around her. Her 11-year relationship ended, two dear friends died suddenly, and overnight, her fantastic career as an award-winning creative director no longer fit her soul. It was as if the universe turned off all the lights, so she had no choice but to rediscover her own.

In this book, Rebecca guides you to do the same. In order to thrive in this new age, everything must be an authentic expression of who we truly are. Rebecca shares her own journey to the light, alongside practical tools that will help you to answer your soul's callings, and channelled messages from the universe. Reconnect to the core of your being and honour it, so that you can use it to change the world in a way that only you can.
