**Single & Sexless: Surviving the temptations of my sexual desires in an over sexualized society** Jabinia Davender

Single & Sexless book was created for singles in need of inspiration and advice about not having sex and dealing with sexual desires. This book was not written to condemn anyone. Christian singles already know that God is against fornicating and non Christians may not care. It is for singles already committed to being abstinent, for singles wanting to give it a try or for singles curious about it. In today's society the norm is to have sex outside of wedlock. It's no longer looked at as ungodly or even unrighteous. With sex as the main focus in society, how can singles cope? That is the million dollar question. Yes the Bible indicates that fornicating is a sin but the Word does not take away the desires or temptation. Through this book the author helps to answer that question for singles. She knows all too well that it's a struggle to remain abstinent in this society. This book was created from the lessons she has learned on her journey of being abstinent for over a decade. Jabinia admits the journey is not easy but she's proof it can be done with the right mindset and with determination.
