True love waits forever...

For Erik Lindholm, it's been a long climb to the top of his company. Now, as president he has the power to bring his vision to life and speed his company in bold new directions. If that means a complete staff overhaul, so be it. If that means firing the woman who left his heart in tatters fifteen years earlier, it's a business decision, not personal...

Beryl Foster is highly competent and respected by everyone at the office. But rumors of a big shake-up are rampant and—surprisingly, scarily—Beryl's job as CFO is on the line. Fifteen years ago she made a decision to put her career before everything else. It was also the last time she and Erik shared a life together. Every Christmas is a reminder. This one could be a second chance...
