I Meet Abbrelle Charles Aldrich

As Steve Stevenson writes his latest book, Jim Star, Space Ranger, he is distracted by the constant pealing of his doorbell. Looking through the side light, he sees what he thinks is a young teenage girl standing at the door, looking over her shoulder as if she were afraid she would be seen. As the unlikely pair escape persistent pursuers across the solar system, find out how Steve and Abbrelle save her ship, and her world, from the MAMI.

This is the story of how I met my wife, Abbrelle, and our adventures on her home world of Home Pride. Home Pride is a planet in the Bright Star planetary system. The system has two suns that orbit the planet, each on opposite sides of the planet. One of the suns orbits over the Northern Hemisphere and the other above the Southern. The average temperature is one hundred five degrees and the humidity is 70 percent.
