Studying medicine can be tedious and difficult. It's hard to remember the vast amounts of information required to pass tests and recertification exams. One of the most frustrating feelings in the world is staring at a question during an exam, and not *quite* being able to recall the answer. "I just studied this!" you say to yourself, but the details of the memory just aren't clear enough.

Medcomic solves this migraine problem by combining high quality art and humor to make memorizing medical concepts easy and fun. You'll be so entertained it'll feel like you're procrastinating, but you'll actually be gaining and retaining medical knowledge! Medcomic has been adopted by university professors all around the world in an effort to engage students and eliminate classroom cases of SIHB (Sleep Induced Head Bobbing).

Medcomic: The Most Entertaining Way to Study Medicine is the most effective mnemonic comic book for students and teachers of medicine. The book is useful as a review for the United States Medical Licensing Examination (USMLE), Physician Assistant National Certifying Examination (PANCE), and National Council Licensure Examination (NCLEX), and many other board exams in the health care field. Medcomic is written and illustrated by Jorge Muniz, a board certified Physician Assistant.
