The Visual Guide to Kindergarten

The Visual Guide to Kindergarten

The Visual Guide to Kindergarten uses bold infographics to present fascinating facts about animals, the five senses, dinosaurs, world holidays, and more. Infographics allow students to complete creative challenges while building math, writing, reading, and data-collection skills.

When information is presented visually, children are more likely to understand and remember it. The Visual Guide to Kindergarten uses infographics to grab young learners' attention with an exciting visual learning technique. Infographics simplify complex information by highlighting key ideas and connections with colorful charts, pictures, and graphs. The perfect at-home resource, this cross-curricular workbook provides comprehension questions, writing prompts, and creative challenges to keep your child engaged in the learning process.

Grade-specific and high-interest, the Visual Guide series offers a unique collection of infographics that teach language arts, math, social studies, and science. Your child will grow as a critical thinker; make strides toward learning independently; and improve skills with text, numbers, and data. A way of learning that appeals to today's youth, the Visual Guide series focuses on building the 21st century skills that lead to school success.

From reader reviews:

Corrina Sutton:

The book The Visual Guide to Kindergarten can give more knowledge and also the precise product information about everything you want. Why must we leave the good thing like a book The Visual Guide to Kindergarten? A number of you have a different opinion about reserve. But one aim in which book can give many info for us. It is absolutely suitable. Right now, try to closer along with your book. Knowledge or details that you take for that, you could give for each other; you are able to share all of these. Book The Visual Guide to Kindergarten has simple shape but the truth is know: it has great and big function for you. You can search the enormous world by wide open and read a guide. So it is very wonderful.

John Masterson:

Information is provisions for folks to get better life, information nowadays can get by anyone with everywhere. The information can be a understanding or any news even a problem. What people must be consider any time those information which is inside former life are difficult to be find than now could be taking seriously which one would work to believe or which one the actual resource are convinced. If you get the unstable resource then you understand it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take The Visual Guide to Kindergarten as your daily resource information.

Lauren Smith:

Reading a publication can be one of a lot of action that everyone in the world adores. Do you like reading book so. There are a lot of reasons why people enjoy it. First reading a book will give you a lot of new information. When you read a book you will get new information since book is one of several ways to share the information or their idea. Second, looking at a book will make an individual more imaginative. When you reading a book especially hype book the author will bring you to imagine the story how the figures do it anything. Third, you may share your knowledge to others. When you read this The Visual Guide to Kindergarten, you could tells your family, friends and soon about yours book. Your knowledge can inspire different ones, make them reading a e-book.

Christopher Scoville:

A lot of e-book has printed but it differs from the others. You can get it by web on social media. You can choose the most beneficial book for you, science, witty, novel, or whatever through searching from it. It is called of book The Visual Guide to Kindergarten. You can include your knowledge by it. Without causing the printed book, it could add your knowledge and make you actually happier to read. It is most significant that, you must aware about publication. It can bring you from one place to other place.
