Extrapolation Practice for Ecotoxicological Effect Characterization of Chemicals

Extrapolation Practice for Ecotoxicological Effect Characterization of Chemicals

A wide-ranging compilation of techniques, **Extrapolation Practice for Ecotoxicological Effect Characterization of Chemicals** describes methods of extrapolation in the framework of ecological risk assessment. The book, informally known as EXPECT, identifies data needs and situations where these extrapolations can be most usefully applied, making it a practical guide to the application of extrapolation procedures. It focuses on the extrapolation of chemical effects and covers the extrapolation of exposures in the context of interactions between toxicants and the matrix.
