For your reading pleasure, a compilation of five hundred quotes over the course of history that are very pertinent in today's world. The quotes have been selected with as little bias as possible; unlike other compilations where the author selects only what they themselves feel that they need or want to read, these were chosen only for their modern-day relevance.

Enjoy quotes from world leaders, to Hollywood starlets. From television personalities to millennia-old prophets. There has been a tremendous amount of wisdom spoken by very few, and these powerful words can translate into both confidence and success for anyone who takes their time to sit, read, and ponder them. This book gives the reader the benefit of the doubt; it has been authored with no personal bias, political intention, gender inequality, or any other underlying theme that so often comes with assembling quotes. You are the reader; take what you will and discard the rest. Learn what you want and move forward without others subliminally trying to make decisions for you.
