Aktuelle Aspekte der Tumor-Immunologie (German and English Edition)

Aktuelle Aspekte der Tumor-Immunologie (German and English Edition)

Im Rahmen der 28. Jahrestagung der deutschen Gesellschaft für Haematologie und Onkologie im Herbst 1983 in Münster fand ein Symposium über Tumor-Immunologie statt. Eine Reihe von Arbeitsgruppen trug dabei aktuelle Ergebnisse von Untersuchungen vor, die sich schwerpunktmäßig mit Fragen der Wechselwirkung Tumor/Immunsystem, der Immun-Typisierung von Malignomzellen, sowie der Immuntherapie von Tumorerkrankungen befaßten. Nicht zuletzt durch die zunehmende Verfügbarkeit monoklonaler Antikörper ist der klinische und/oder wissenschaftlich tätige Haematologe/Onkologe in vermehrtem Maße auch mit immunologischen Fragestellungen konfrontiert - wenn auch bisher meist nur im diagnostischen Bereich. Dieser Tatbestand ist Anlaß zur Publikation der Symposions-Beiträge in der vorliegenden Form. Die Herausgeber v. Liste der Beitragsautoren U.
