This is a book designed to save Mac users at least an hour a day in needless, time wasting tasks on your computer.

This book is short & to the point, but loaded with a whole lot of little known secrets to be the James Bond (or Trinity for the ladies) among Mac users. Within 24 hours of reading this book, your friends will be asking you "How do you do THAT?" While you run circles around their tired old mouse clicking.

Not only is this a book, but also video walkthroughs for those who learn more visually.
