Chase And Capture Hurri Cosmo

It's only a game, an adult twist on "Capture the Flag." Very adult, actually, especially when it comes to the "Flag" and where it is hidden. In fact, the only similarity between the kid version and the adult version is each hunter must capture his opponent's flag to win.

So how the hell did Camden end up here? Tanner, his good buddy from college, refused to let him waste another birthday, was determined to score him some exciting adult time with a group of sexy men, and had set up the entire weekend party on a remote island.

Now, Camden finds himself crashing through the woods while playing the wonderfully lascivious chase-and-capture game, trying to stay ahead of his pursuer. But Camden can't help but wonder...why is he the prey and that dark-haired, muscle-bound, relentless god of a man named Gunner his hunter? After all, it's his birthday, so he should be the one in pursuit of the sexy stud, right? And what exactly is the downside of having his hidden flag confiscated by the man of his dreams?
