Hermes, Ecopsychology, and Complexity Theory

The Dairy Farmer's Guide to the Universe Volume III

An exegesis of the myth of Hermes stealing Apollo's cattle and the story of Hephaestus trapping Aphrodite and Ares in the act are used in *The Dairy Farmer's Guide to the Universe Volume III* to set a mythic foundation for Jungian ecopsychology. *Hermes, Ecopsychology, and Complexity Theory* illustrates Hermes as the archetypal link to our bodies, sexuality, the phallus, the feminine, and the earth. Hermes' wand is presented as a symbol for ecopsychology. The appendices of this volume develop the argument for the application of complexity theory to key Jungian concepts, displacing classical Jungian constructs problematic to the scientific and academic community. Hermes is described as the god of complexity theory.
