Prince Malachi Van Renssalaer of Mevendia is getting married. The problem? He's never even met his bride. His father arranged everything, right down to the marriage contract. Malachi swears to himself that he will be nothing like his father in the ways that count - including his fidelity to his wife.

Jessabelle Keller would happily spend her entire life in obscurity, but her father once saved the life of a future king. Before he dies, her father is committed to seeing that king make good on his promise to have one of his sons marry her so she would be taken care of for life.

No sooner than Prince Malachi and Jessabelle return from their honeymoon, they find themselves dealing with both private trauma and the very public drama of groundless accusations from the press. Just as they begin to weave their fragile trust back together, a ghost from the king's past arrives and threatens everything they've ever held dear.

Secrets have a funny way of coming out and this one could rip the faith of the country in their leaders to shreds. Malachi is determined to protect Jessabelle no matter what it takes, but will it ever be enough for her to not feel like a Hand-Me-Down Princess?
