Famous Last Words: A Sequel to Paying the Price Stardawn Cabot

Picking up a few months after the end of Paying the Price, the story shifts from Kasey and Alex to Kasey's cousin, Ally and a long term family acquaintance, Taylor. While on a camping trip, Ally and Taylor end up stumbling, quite literally, into a cave, finding themselves trapped and unable to escape on their own. While exploring the cave however, they find much more than rocks and dirt. They not only uncover a two-millennia old secret, which forces Ally to reveal parts of her past, but end up discovering much more about each other as well.

Confused and delighted with their new found feelings for each other, the two women are put to the test as supplies get low and Ally's secret becomes too much to bear –causing Ally to step forward and take Taylor in hand, baring her backside and spanking her soundly to keep her safe. The chastisement further complicates things as it only makes Taylor fall deeper for Ally. Through it all, Taylor and Ally both worry what will happen when they do escape, not only as they wonder if they will be able to continue to peruse a relationship, but what will the secret unfold as well.

Looking for her cousin, Kasey and her partner Alex also get involved, bringing their organization, PLUTO, into the mix. The greater secret changed everything, shattering not only Taylor's world, but Alex's as well, as Kasey finally reveals her true self. Will these new truths been too much for each partner, or will Taylor be brought into the fold, becoming much more than a friend as she decided if her relationship with Ally will escape the walls of their cave?

Author's note: This book contains adult scenes including spanking, light BDSM, light age play, and sexual encounters between two adult, lesbian couples. If these subjects offend you, please do not buy this book.
