Touch of Nature: Textured Appliqué Machine Embroidery Techniques & Designs Laura M. Waterfield
Touch of Nature shows how applique machine embroidery designs can be transformed into uniquely wonderful, rich fabric art. Laura takes her fellow fabric artist through the techniques to lift details of the applique off the surface of the fabric, giving the embroidery depth and texture. The 8 techniques can be applied to any appropriate machine embroidery applique. However, a CDROM of 23 designs, included with the book, provides machine embroidery files for 12 on the most popular sewing machine formats. With these designs, all 5 projects detailed in the book can be accomplished. Add fabric, thread and a little personal imagination and the potential could be limitless.
