Complicated Creatures Part One: Romantic Suspense Thriller Alexi Lawless

Ready for a racy thriller with a powerful, take-no-prisoners heroine?

From author Alexi Lawless, *the first part in a provocative series...*

Luck is Jack Roman's middle name— and Chicago is his Empire. He lives to work, loves to play, and makes no commitments. But when the mysterious Samantha Wyatt moves into the adjoining penthouse, he's immediately drawn to her, a striking, elusive woman who transitions seamlessly from wood-paneled board rooms to high-stakes, high-risk rescue operations in the most dangerous parts of the world.

Intrigued by her self-possession, aroused by her incredible passion, and disarmed by a vulnerability she cannot hide, Jack pursues her into the nexus of her dangerous present and her enigmatic past. When Samantha takes on renowned photojournalist Wes Elliott as a client, an entire world is revealed to Jack, where living for pleasure becomes fighting for survival. And the only woman he wants may be the one he cannot have...

COMPLICATED CREATURES is a mesmerizing, labyrinthine romantic suspense thriller that will leave you wondering: *Do you really want to know everything about the one you love?*

Note to the Reader: *Complicated Creatures* is the first novel in a provocative action thriller series... and it ends on a cliffhanger, *be warned!* Recommended for readers 18+ for mature language and sexual content...

Interview with the Author:

Q: So, what prompted you to write the Complicated Creatures series?

A: It's simple, really. I'm a huge fan of romance, romantic suspense and action thrillers, and I felt there was something really missing in combining these genres. I also wanted to write a really strong female protagonist who, while impressive, is incredibly relatable, smart, self-reliant and gutsy.

Q: Who or what inspired the lead character, Samantha Wyatt?

A: Honestly, I just took what I liked most about the male leads in some of my favorite vigilante justice action thriller stories and turned the whole thing on its head. I started thinking, "*What if James Bond or Jack Reacher were a woman? What if she was the head of a multinational corporation? What if she led a team of commandos--what would that be like?*"

As I considered all the possibilities, I saw a woman with true grit, style and the kind of savvy we admire but rarely see in female characters. And it makes for an intriguing question--*what kind of man can get a woman*

like that? And would she even let him?

Q: Does your series have an intended audience?

A: Sure. YOU. This series starts out as an international romantic suspense, but it's definitely got plenty of action, racy thrills and a tantalizing bit of mystery. It's written from both a woman and a man's perspective, and features a really fantastic supporting cast of characters with their own unique personalities. Anyone who loves **Damn Good Fiction** will enjoy this series.

Q: When is the next installment coming out?

A: *Part Two: Hell or High Water* is already out and available. The prequel to the series, *Goddess Rising*, shows Samantha in Coming of Age novel unlike any you've ever read. Stay tuned to updates, get free excerpts and new releases at my website: <http://alexilawless.com/>
