IDW Publishing's Star Trek: Second Stage continues! Showcasing the top Trek writers in print, TV, and comics as IDW begins their second year under Starfleet command. This month, Star Trek legend Dorothy "D.C." Fontana takes the stage for her first-ever Star Trek comic book series. The writer from the original TV series, as well as The Animated Series, The Next Generation, and Deep Space Nine, is joined by partner Derek Chester (Star Trek: Legacy) for The Enterprise Experiment, an all-new series set in the unexplored fourth year of the U.S.S. Enterprise's legendary five-year mission. A sequel to the classic episode "The Enterprise Incident"—originally written by Fontana herself—where Kirk and Spock found themselves trapped on an Enterprise out of phase with space itself and facing a plot of revenge from Romulans!
