This map is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. It is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table.

Coverage extends from just north of Zadar to Dubrovnik, with the coast beyond it to the Montenegro border shown as an inset. The map is printed with North-East at the top to provide more convenient coverage of the hinterland, extending on both sides beyond the border of Bosnia-Herzegovina.

The area's topography is presented by altitude colouring with contours and spot heights. National parks and protected areas are marked, both on the mainland and on the islands. Road network includes unsurfaced local roads and tracks, and indicates driving distances on main, secondary and some local roads. Railways with stations and ferry connections are also shown.

Towns and villages of particular interest are highlighted and symbols show viewpoints, churches and monasteries, archaeological sites, campsites, marinas, etc. The map has a latitude and longitude grid at intervals of 10', UTM margin ticks and plus an extensive index of localities. Map legend includes English.
