Ecole française: inventaire avant travaux: Lettre ouverte aux politiques qui nous gouvernent (French Edition) Elisabeth Bru

Psychosociologue et enseignante de formation, l'auteure propose ici - au moment de nouvelles transformations - un bilan sur l'école d'aujourd'hui. Dans cet essai, elle montre à quel point il est difficile d'enseigner efficacement quand l'école est soumise à d'incessantes réformes et sujette à de perpétuels changements. Or, quand l'école va mal, quand les résultats ne sont pas au rendez-vous, ce ne sont pas ces réformes que l'on critique mais le corps enseignant dans son ensemble.

Il semble qu'il serait temps de pointer les incohérences d'un tel système qui nuit surtout aux élèves, comme le montrent certains résultats aux évaluations internationales. Avec une école française qui évalue plus que de mesure, provoquant doutes et dévalorisation auprès des enfants et des adolescents de nos classes.

Cet ouvrage tente donc de faire le point sur les grandes questions actuelles de l'école (réformes, rythmes scolaires, pré-scolarisation des tout-petits, évaluations...), avec une prise de recul historique pour éclairer le lecteur sur les différentes mutations dans le temps. Il propose aussi des pistes de réflexion pour améliorer le système, en comparant le nôtre à différentes structures européennes.
