God Has Spoken (and we know it) Daymond Duck

It has been said that two things are inevitable: death and taxes. However, there is another inevitability that is becoming more and more evident to inhabitants of the world...something has to change. If it don't, the world will not survive. The good news is, something is going to happen; it will be good for some, bad for others, and it has been explained to us in the Bible. Taking the core material from his previously written teachings and adding updated information, Daymond Duck brings a simplistic understanding to a very complex and often frustrating subject. giving inspired insights into such topics as the Rapture, the prelude to the Tribulation, the importance of Israel, etc., Duck brings an eye-opening, yet comforting exposition to what the future holds for God's creation.
