Human Lessons Susan Cartwright

Eslan is a green world, with a green sky that has recently become colonized by people from Earth.

Cy, a green skinned native of Eslan, wakes up one day, a prisoner of the off-worlders, the humans from another world. The Earth people call him monkey boy, and while he has never seen a monkey, Cy knows it is a derogatory word.

Unfortunately Cy has amnesia and cannot remember how he became a slave to the off-worlders. In fact he can't remember anything about his life at all.

"Human Lesson's" is one of the latest science fiction short stories from Susan Cartwright, and describes Cy's exploration, discovery, and resultant understanding of what is to be human.
