What If...? Steve N. Lee

"Definitely and intriguingly written. [A] thriller that fans of other novels such as 'The DaVinci Code' will relish. Highly recommended."

John Taylor, Book Reviewer, Midwest Book Review

'What if...?' is a mainstream suspense thriller which blends intrigue and roller-coaster action into a fast-paced tale that keeps you hooked to the very last page. Shootouts, car chases and conspiracies are interwoven with a thought-provoking exploration of today's global crises, creating a chilling, real-life picture of the world and a story that's as moving as it is thrilling.

The Mystery...

When a mysterious stranger appears to be healing New York City's sick merely through touch, a media frenzy catapults him to superstar status.

When he then claims to be able to heal the entire world of hunger, injustice, and suffering just as easily as he seems able to heal a sick child, thousands rally to his cause, desperate for a savior to snatch the world from the edge of darkness.

But not everyone is eager to see the world changed.

Driven by their insatiable greed for money and power, corporate America, organized crime, even the mighty White House will stop at nothing to ensure the world stays just the way it is - poverty, disease, wars and all!

The Hero...

A disillusioned journalist, Mary battles her skepticism and finally comes to believe in the stranger's gift. Seeing him as mankind's last great hope for creating a utopia, she befriends him to try to realize the world she's always dreamed of.

But will the world embrace a man who seems able to heal the sick with just a touch? Or will economic crises or a holy war see it rip itself apart?

Mary quickly discovers that changing the world is not only difficult but downright deadly.

The Action...

Hurled into a raging storm of bullets, double crosses, car chases and conspiracies, Mary helps this enigmatic stranger fight for his vision to become a reality. But what vision is that?

- Can he truly heal?
- Does he really want to end suffering?
- Or, with immeasurable wealth the prize, is this the greatest confidence trick in history, masterminded to swindle billions from a world desperate for a savior to save it?

On a roller-coaster adventure crammed with mystery, shocking revelations, and pulse-pounding danger, Mary realizes there's nowhere to hide from the fate that awaits them and which will shake the entire globe.

Dare you read 'What if...?'' - It'll tear your world apart.

'The writing, I must say, is excellent. John is an absolutely fascinating character and [I] particularly loved those taut suspense scenes. Lee is great at creating tension. The action scenes are always fast-paced, dizzying and fun.'
